

Descendants of Pinkney Graves and Susan ----- of Caswell Co., NC (Gen. 58) (Rev. 8 Sept. 2011)

37 markers
Possible match
with family of
John E. Brown

NOTES: This chart shows male lines of descent only, since the focus is only using Y-DNA analysis to trace the Graves surname. Descent through female lines is not shown on this chart.

There is only 1 Y-DNA test result for this family. When there are more, confirmation of connections will be possible.

The number in each bottom colored box is the DNA test ID.

All boxes with the same color have the same DNA test results.

24 of 25 means that 24 of the 25 DNA markers matched the inferred ancestral haplotype.

A notation like 13-19 indicates a mutation from the ancestral haplotype, and means marker 13 had a value of 19.
