

Descendants of Herbert Fletcher Graves/Greaves and Sarah Wright of Lincolnshire, England (Gen. 428)

(Rev. 8 April 2005)

NOTES: This chart shows male lines of descent only, since the focus is on using Y-DNA analysis to trace the Graves surname. The number in each bottom colored box is the DNA test ID. All boxes with the same color have the same DNA test results. 24 of 25 means that 24 of the 25 DNA markers matched the inferred ancestral haplotype. A notation like 13-19 indicates a mutation from the ancestral haplotype, and means marker 13 had a value of 19.

This genealogy is closely related to that of Samuel Graves of Lynn, MA (genealogy 83), based on DNA test results.
